Catarhal Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Haire's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Haire's Catarrh Cure. Circulars free. All Druggists, 75c.

CLERK SHOTS AND

KILLS LOCAL GIRL

THEN SUICIDES

DOUGLAS, June 29.—With no apparent motive that police or friends could advance, William F. Smith, clerk at the Phelps Dodge store shot and killed Miss Thelma Laura Gutke, 17 year old daughter of Carl F. Gutke, foreman boilermaker at the C. & A. smelter, 1660 Fifteenth street last night, and then turned the gun on himself and inflicted a wound which later proved fatal. The shooting occurred at Fifteenth street and B avenue when the couple were on their way home from a friend's house.

Unrequited love or a fit of temporary insanity are possible motives for the tragedy advanced by friends. Because of the peculiar actions of Smith previous to the shooting, the police are inclined to consider the insanity theory as the most likely motive for the shooting, although it is known that several weeks ago he proposed marriage and was refused by Miss Gutke, who said she "wanted him as a friend only." He did not appear to take the refusal seriously, friends say, and add that since then he has proposed to another girl.

According to Miss Billie Turvey, an intimate friend of Miss Gutke, and the last person to see her alive, Smith met them after the store closed last night and took them to lunch. While they were seated in the restaurant, Smith suddenly arose and asked to be excused while "he went to feed the chickens." Knowing that he was not in the poultry business, the girls considered his actions strange, but when he returned a few minutes later, the incident was immediately forgotten.

The three went to a show and again Smith asked to be excused on some apparently insane pretext. As on his previous excursion, he returned within a few minutes and again the girls overlooked his strange actions.

Smith and Miss Gutke accompanied Miss Turvey to her home on Sixteenth street, where they left her and started for the home of the former. There had been no arguments or quarrels during the evening, Miss Turvey said, and she could give no reason for the shooting.

There were no eye witnesses to the tragedy, but from the position of the bodies it is believed that the murdered girl was running away from Smith when he fired the first shot. Two more followed, all of them taking effect. She is believed to have died instantly. Smith then turned the gun on himself and fired a bullet through his heart. He died a few minutes after residents attracted by the shooting arrived on the scene. He did not regain consciousness and his statement was obtained from him.

Miss Knies, who attended the local schools and had been employed as cashier in the Phelps Dodge furnishing department of the P. D. store for the last eight months and was very popular with the other clerks.

Ingalls department of the Phelps Dodge store. He was a quiet and unassuming man, his brother, clerks say, but on several occasions acted queerly. His parents live in Virginia, the exact location not yet known by the police. He was about 25 years of age. The body of Miss Gutke will be shipped to Salt Lake City this evening, her mother and brother, Clyde, having left for that city about a week ago. She is survived by her mother and father, a sister and five brothers.

WORSLEY IN SENATE

RACE WILL FAVOR

PHOENIX, June 28.—A. A. Worsley of Tucson has decided to enter the race for the democratic nomination for the United States senate on a wet platform.

He will announce his candidacy in a few days.

Worsley will favor the Norway system. Under this plan the government rations whiskies and sells beer and light wines.

On account of his stand on the prohibition question and his close connection with the labor element, Worsley is expected to poll a big vote in the primaries and his candidacy is looked upon with alarm by friends of Judge R. C. Stanford.

TEN DOLLARS, LESS 10

CENTS, IS STATE LOSS

PER ACRE IN LEASING

PHOENIX, June 29.—Protesting against the state land department granting a permit to W. W. Lane, county engineer of Pinal county, to remove caliche from his land, C. C. Harris, a lessee of state land, appeared before the state land board at a special session Thursday.

Harris claimed that he needed every acre of his 80 acres of land for agricultural purposes, but gave away with fine spirit when he was advised that under the law the department excepts and reserves out of the grant hereby made, all oils, gases, coal, ores, limestone, minerals, fossils and fertilizers of every name and description that may be found in or upon the land herein described, or any part thereof. The department reserves the right to execute leases covering the land herein described for the purpose of prospecting for, and the extraction of oil, gases, coal, ores, limestone, minerals, fossils and fertilizers.

"You have to give way to the big interests of the public," said Governor Campbell as he read the law.

Mr. Lane stated that the caliche was needed for surfacing the Florence-Globe highway. In outlining the road to be surfaced he stated that he had made application for the Harris land as the last resort, as it would result in a minimum haul of 8 miles, with a maximum haul of 16 miles. While there was an outcropping of caliche throughout that section of the country, tests had shown he said, that the only place where it could be had in sufficient quantity was the land in question. He was granted an option on 10 acres.

During the course of the hearing Harris announced that he had paid \$10 an acre for the lease relinquishment, while the land had been leased by the state at 10 cents an acre. "We're suckers," declared Governor Campbell, who presided at the meeting.

STATE ORDERS "SELFISH

PRACTICE" IN SPECULATION

OF LAND LEASES CEASE

PHOENIX, June 28.—An order of the state land board, was transmitted to Land Commissioner W. A. Moen today to take action to end the "selfish selfish practice of speculation in state land leases." The board decided at its meeting last Thursday to attack speculation in leases and Governor Campbell, chairman of the board, was instructed to draft a suitable resolution covering the decision. The resolution was delivered to Commissioner Moen today.

TORNADO AT GLOBE

GLOBE, June 29.—Cutting a path only a few hundred yards wide, a wind of almost tornado velocity early tonight uprooted trees along the Globe-Miami highway and damaged the Midland City, a public park between the towns. Fencing was destroyed and part of the dancing pavilion was wrecked. No loss of life was reported.

UNITED STATES LAND OFFICE

AT PHOENIX, ARIZONA.

State of Arizona.

TO WHOM IT MAY CONCERN:

Notice is hereby given that the State of Arizona, under the provisions of the Act of Congress, approved June 20th, 1910 (34 Stat., 557), has filed in this office its School Indemnity Land Selections Applying to select as indemnity the land described as follows:

3677-04859; in T 19 S. R. 23 E. S1/4NE1/4; N1/4NE1/4; Sec. 9, G. & S. R. M.

During the five weeks period of publication of this notice or any time thereafter and before final approval and certification this office will receive protests or contests as to any of the tracts applied for and transmit the same to the General Land Office.

Dated at Phoenix, Arizona, June 8th, 1920.

 ESTABLISHED IN 1902

COURTS CALLED ON TO

SETTLE QUEER DISPUTES

PHOENIX, June 29.—The courts lately have been called upon to adjudge justice rather out of the ordinary. For instance, Clifford G. Davis has sued Roger W. Stadlman for \$900 damages, for the loss of an auto and tools in the destruction of the latter's garage at Mesa, in April. The fire is alleged to have been due to the action of Mrs. Stadlman in ordering the flooding of the garage floor with 25 gallons of gasoline and then directing scrubbing with wire brooms. The gasoline caught fire and exploded it is claimed.

At Douglas there was denial by Aurelio Miranda of the right of a woman to fire him from his job in a suburban restaurant, after he had turned to work from a visit across the line. So he knocked the proprietress down, it is alleged, to prove his superiority. He went to jail. At Jerome L. G. Lightfoot hired one Chas. G. Haynes to run his restaurant while he took a trip to Los Angeles, acres.

BUILD ANOTHER ELECTRIC PLANT

AT ROOSEVELT

PHOENIX, June 28.—An auxiliary electric generating plant of 5,000 k. w. capacity is to be erected at Roosevelt Dam as the result of a contract approved yesterday by the board of governors of the Water Users' association. The contract was closed with the Gila Cotton company, which controls a large acreage south of Phoenix totaling 50,000 acres.
